What's shown in an online financial report?

As you know, Florida law requires that candidates and political committees file monthly reports with the Supervisor of Elections. These reports detail all contributions received and expenditures made by or on behalf of the candidate/committee. The Voter Focus Campaign Financial Reporting system gives campaign treasurers an easy way to complete and, optionally, file these required reports, online.

Each report generated by the Campaign Financial Reporting system is a PDF file that can be viewed in Adobe® Acrobat® Reader. The PDF can be printed if your county requires hard-copy filing. In counties that accept electronic filing, the PDF can be submitted online, signed by the candidate's and treasurer's electronic personal identification numbers (PINs).

Once a report is accepted by the Supervisor of Elections, it will appear on the elections website and can be viewed by the public. Along with the financial reports, you have the option of providing a short description (or "bio") of the candidate/committee and a photograph.

Here's an example of a monthly report:

First, there's a summary page

Then, an itemized list of contributions

Next, a list of expenditures

And finally, a list of fund transfers

What do I need to create reports online?

- **A computer equipped with:**
  - An Internet connection.
  - A web browser configured to accept cookies and with pop-up blockers disabled. In this document, the examples shown use Internet Explorer.
  - Adobe® Acrobat® Reader, which you will need to view and print your reports. If you don’t have the Reader software on your computer, you can download it free of charge from:
    - a link in the Campaign Financial Reporting System (see page 17)
    or
    - www.adobe.com

- **A candidate ID and password.**
  This will be provided to you by the elections office.
  Candidates need a new ID each time they run for office, even when they are running for reelection to the same office. Committees also need a new ID for each election.

  Committees of continuous existence typically are allowed to keep the same ID, but this varies from county to county. Some counties prefer to assign committees of continuous existence a new ID for each election.

  The password can be changed after you log in, if you wish.

- **PINs for the candidate and campaign treasurer password.**
  Electronic submission of financial reports, two 4-digit PINs will be provided to you by the elections office. You can change the PINs after logging in, if you wish. (See page 48 for instructions.)

  Your county might have other requirements, so check with the elections office before you begin.
How do I start?

Log into the Campaign Financial Reporting system like this:

1. Type this web address into your browser:

   replacing the text <county> with your county name. You can enter lowercase or uppercase letters...the letter case doesn't matter here.

   For example, if your county is Broward, you would enter:

2. Press the Enter key on your keyboard or click the “go” icon in your web browser. You’ll then see the Candidate Log In page:

3. Enter your candidate ID and password here.
   The password is case-sensitive. That means you have to enter the password in exactly the form given to you by the elections office: if a letter is uppercase, you must enter it in uppercase; the same goes for lowercase letters. Your password might also have numbers.

   By the way...you can change your password once you get on the system.
   We’ll explain how to do this on page 48.

4. Click Login.
What you see when you log in.

This is the main page of the Campaign Financial Reporting System. It shows the reporting periods for the campaign. We call this page the Report List.

Time periods when financial reports are required. Colors indicate reporting periods:

<table>

<tbody>
<tr>
<td>Past Reporting Periods</td>
<td>beige</td>
</tr>
<tr>
<td>Current Reporting Periods</td>
<td>green</td>
</tr>
<tr>
<td>Future Reporting Periods</td>
<td>blue</td>
</tr>
</tbody>
</table>

The reporting periods are color-coded to help you choose the correct period for reporting data.
The past and future reporting periods are locked to prevent you from inadvertently entering current data into a past or future report. If you need to enter past or future data, you can easily unlock the report by clicking [Unlock this report].

The colors of the reporting periods switch automatically at midnight on the due date of the current report.

If any of your reports are overdue or the due date is less than 10 days away (that is, 9 or fewer days from today), you'll see a message like this at the top of the page:

![Warning message]

And the due/overdue report(s) will be highlighted as well.

After 180 days, overdue reports are no longer highlighted as late.

**If a report is overdue, you need to take immediate action to file the report.**
Let's look at the current reporting period.

**Status of the report.**

In this example, the candidate has started entering some of their contributions and expenditures for the current reporting period, but hasn't submitted them yet to the elections office.
About those command buttons...

If you use campaign finance reporting software like Campaign ToolBox™, you can import contributions and expenditures directly from that application. Page 211 explains how.

To manually enter contributions and expenditures, click here.

We'll talk more about manual entry on the next page.

Click here to manually enter fund transfers and distributions.

Submit your report to the elections office.

Submit

Create a spreadsheet of the contributions and expenditures entered in this reporting period.

View a draft copy of your report for this period prior to submitting to the elections office.
How do I view and maintain contributions?

Click **Enter Contributions** to bring up a list of the contributions recorded so far.

- **Edit** lets you modify details on an existing contribution.
- **Delete** lets you delete the contribution altogether.

Click **Add Contribution** to bring up the form for entering contributions.

Return to Report List takes you back to the list of reporting periods.
Adding a new contribution is easy.

If the contributor is an organization rather than an individual, enter the organization name in the **Last** field. And leave the **First** and **Middle** fields blank.

Most of the entry fields are self-explanatory. The blue column has tips on what’s required.

When you’ve completed the form, click **Submit**.

If the system says you’ve omitted required information, you must provide it before the contribution can be saved.

After the contribution is saved, you’ll get another blank form where you can add the next contribution.

Click **Cancel** when you’ve saved the last contribution you want to add right now.

**In-kind Description:** Enter a specific description of the in-kind contribution.  
Example: *Food and beverage* |
| **Interest (INT)** | Money earned on campaign or interest-bearing accounts. |
| **Loan (LOA)**    | Money loaned to the campaign by the candidate. |
| **Membership Dues** | Membership dues regardless of the form (cash, check, etc.).  
**This option is for use by committees only.** |
| **Multiple Uniform Contributions** | Multiple uniform contributions from the same person

Click **Edit** to modify details on an existing expenditure.

Click **Delete** to remove the entry altogether.

Click **Add Expenditures** to bring up the form for entering expenditures.
If the vendor is an organization rather than an individual, enter the organization name in the Last field.

And leave the First and Middle fields blank.

About Petty Cash

In Expenditure Type, notice that there are two types for petty cash:

- Use Petty Cash Withdrawn when withdrawing funds from the campaign account for petty cash. This will add an expenditure of the entered amount to your report.
- Use Petty Cash Spent to record an expense out of petty cash.

**Petty Cash Spent** does not add an expenditure to the report because the expenditure was already recorded as Petty Cash Withdrawn.

It's important to keep accurate petty-cash records so your final report will balance.

When you've completed the form, click Submit.

After the expenditure is saved, you'll get another blank form where you can add the next expenditure.

Click Cancel when you've saved the last expenditure you want to add right now.

A few notes about adding contributions and expenditures...

If you enter a contribution or expenditure outside of the range of the reporting period you are working with, the system will automatically try to find a reporting period that contains that date you are reporting.

If a report for that range is found, the system will let you know.

**Transaction Date Not In Selected Report Range**

The transaction date you entered (08-01-2014) is not within the date range of the currently selected report. The date range for the report(s) listed below includes the date you entered. You can either...

- Select the correct reporting period from the list below and press the Select button.
- Press the Cancel button to return to the form if you wish to change the transaction date.

![Select or Cancel options]

Click the report that you would normally have filled the transaction under and then click Select.

If the contribution or expenditure date falls within the date range of a report that has already been filed, you can add the contribution or expenditure to the report and file an amended report in one easy step.

**Transaction Date Not In Selected Report Range**

The transaction date you entered (07-29-2014) is not within the date range of the currently selected report. The date range for the report(s) listed below includes the date you entered. You can either...

- Select the correct reporting period from the list below and press the Select button.
- Press the Cancel button to return to the form if you wish to change the transaction date.

![Select or Cancel options]

Click the report that you would normally have filled the transaction under and then click Select. A confirmation message will appear letting you know that the amended report has been filed.

If no report exists that includes the date you are trying to report on, the system will let you know that too.

**Transaction Date Not In Selected Report Range**

The transaction date you entered (06-31-2014) is not within the date range of the currently selected report. No report could be located that includes the date you provided. Please change the transaction date or contact your county Campaign Finance Administrator for assistance.

![Close option]

Click Close and then either change the transaction date or contact your county Campaign Finance Administrator for assistance.
Want to see how the report is adding up? Just do a preview.

Previewing of reports isn't required. But it's a good idea to preview the report before you submit it, to catch any data entry errors, missing transactions, or other anomalies.

You can preview a report as many times as you like, make changes, and preview it again until you are confident it is correct and complete. Then you can submit the finished report to the Supervisor. Once a report has been submitted, it cannot be changed, so you want to be sure you preview each report carefully.

Previewing a report DOES NOT submit the report to the Supervisor.

To preview your report so far:

Click to bring up this page:

Prepare Totals

NOTE: This is NOT your OFFICIAL report - it is a PREVIEW ONLY. You must still generate and submit your final report after you complete your review.

Candidate Carolyn J. Casadonte (96) Office County Commission District 4
Report Period 04/01/2009-07/01/2009 Due Date 7/15/2009
Contributions $450.00 Expenditures $500.00

Click on the 'Prepare Totals' button below to prepare the report totals.

Once this is done you can Preview the report from the report menu.

[Prepare Totals] [Cancel]

Click [Prepare Totals] to total the contributions and expenditures for this reporting period. You'll be returned to the Report List, which now has a banner like this:
Click [View/Print] in the banner to bring up a PDF of your report.

If you haven't installed Acrobat Reader on your machine, you must do it now. Click the Acrobat Reader icon to go to the download site.
Check the draft report carefully to verify everything is correct and complete.

Forgot to add a contribution or expenditure?
That’s OK: You can continue to add them after doing the preview.

The preview version of the report has a DRAFT watermark on each page.
The elections office cannot accept a draft report. You must submit a final report.

On the Report List, notice that the Prepare Totals button is now labeled Preview.

You can click Preview at any time you want to look at the report. If transactions are added, the button label will switch back to Prepare Totals, which means you need to total the new transactions into the report before you can preview it again.
Click Cancel when you’ve saved the last distribution you have right now. You’ll see the distributions you added highlighted in yellow, as in the example below.
What about fund transfers?

Fund transfers are used to report the transfer of funds between the primary depository and separate interest-bearing accounts.

Typically, but not always, used only by candidates for state and federal offices.

Click

to bring up this page:

Click **Add Fund Transfer** to bring up the form for entering transfers.

Enter the financial institution where the account is held.

Select **From** if the transfer is from the institution account to the campaign account.

Select **To** if the transfer is from the campaign account to the institution account.
When you’ve completed the form, click Submit to save the information. After the transfer is saved, you’ll get another blank transfer form.

Click Cancel when you’ve saved the last transfer you have right now. Transfers are not shown on the Reports List because the funds have simply been moved within the campaign or committee, rather than expended or distributed elsewhere.
How do I import data from my campaign application?

Candidates or committees using campaign finance reporting software such as Campaign ToolBox™ can import contribution, expenditure, distribution, and fund-transfer data from a file created by the application directly into the Campaign Financial Reporting system.

**Import File Requirements**

The system can import any file that meets the Division of Elections Campaign Finance Reporting File Specification:

http://doe.dos.state.fl.us/candidate/filing-campaign-reports.shtml#fileSpec

For a list of State-approved software vendors for electronic filing, see:

https://doe.dos.state.fl.us/candidate/filing-campaign-reports.shtml#software

When you import data from a file, the transactions are added to the report you are working in. Be sure to review the report prior to submission to verify the data matches what you intended to import, and make any adjustments manually.

Don’t worry if you happen to import the same file more than once. The system will import only the transactions it doesn’t already have. It won’t duplicate existing transactions.
To import data for the current reporting period:

On the main page, locate the row for the current reporting period (look for the green row) and click **Import Entries**.

Current reporting period is shown in green.

![Import Entries brings up the Upload Report page.](image.png)
On the **Upload Report** page, click **Browse...** and find the file you want to import. Then click **Upload Report**.

Click **Upload Report** to import the file into the system.

You’ll see a display of the transactions imported from the file, as in this example:

When you’ve finished importing entries for the reporting period, preview and submit the report as described on page 16.

**To import data for a past reporting period:**
If you’ve already submitted the report for the past reporting period, you’ll need to unlock it and create an amendment. Then you’ll need to unlock the amendment and do an Import Entries command, following the instructions beginning on page 22.

**To import data for a future reporting period:**
Unlock the reporting period and do an Import Entries command, following the instructions beginning on page 21.
Finished entering all data? Then submit the report.

IMPORTANT
Make sure you have entered ALL contributions and expenditures correctly before you click Submit Report.

Clicking Submit Report closes the report.

Once you have done this, the report cannot be changed, although it can be amended. We'll look at amendments on page 35.

The steps you take requires submission of reports “signed” by the electronic PINs of the candidate and treasurer (the PINs are the same number).

Instructions for filing by electronic PIN: Go to page 27

What happens when you submit a report:

- Removes the DRAFT watermark from the report pages.
- Seals the report: you cannot add, change, or delete contributions or expenditures once you have submitted the report.
- Files the report online with the elections office.

To finalize the report:

Click to bring up instructions:

Submit Report
Candidate: Carolyn J. Casadonte (89) Office: County Commission District 4

Contributions $460.00 Expenditures $500.00
Transfers $0.00 Contributions $0.00

Click on the submit button below to file the report.

You can update this field in System Options so that the candidate is prompted at report creation according to your needs. For example, you could warn them that their report will not be officially submitted until it is electronically signed etc.

[Submit Report] [Cancel]
Are your entries for this reporting period finished?

If not, click Cancel.
If you are ready to file, click Submit Report.
Clicking [Submit Report] returns you to the Report List with green banners at the top indicating submission.

Notice that the report’s status is now [Submitted]. You’ll also see a confirmation number. And, the command buttons have changed.

To display or print the report:

Click [View/Print] on the banner to display the PDF.

Sign the report and deliver it to the elections office prior to the deadline for this reporting period. Note that the report requires two signatures: from the candidate and from the campaign treasurer.

If the county has your email address in the administrative section of the Campaign Financial Reporting System, you will automatically be sent an email when the Supervisor of Elections accepts or rejects your report.

** IMPORTANT NOTE **

By submitting this campaign finance report, the candidate is considered to be certified as to correctness under the meaning of Section 166.0115, Florida Statutes, by the candidate and the candidate's treasurer, or the case of a minor, by the political committee's chair and treasurer, or in the case of a political committee or county executive committee, and that such persons are subject to the penalties of Section 166.0755, Florida Statutes.

PLEASE NOTE: This report is NOT filed until it is electronically signed by the Candidate/Committee and Treasurer using their respective electronic PIN.

Are your entries for this reporting period finished?

If not, click Cancel.

If you are ready to file, click Create Final Report For Review.
Clicking **Create Final Report For Review** brings up the Electronic Signature PINs page with a reminder that the report has not yet been submitted...

**Electronic Signature PINs**

To signify your approval of the report, enter your PIN in the appropriate field and click Assign PIN. Once both PINs have been assigned, the report will be submitted to the Supervisor of Elections.

If both parties are present, both PINs can be assigned now. If you cannot assign your PIN now and the other party can enter theirs later during their own session.

If you do not want to assign a PIN at this time, click Later.

If the report needs modification, click **Undo Final Report**. This will unlock the report so you can make the necessary changes and reassign a new final report for PIN assignment and submission.

and your confirmation number is displayed in the **Office Use Only** box along with the date and time you submitted the report.

Notice that the **Original** box is selected in the **Report Identifier** section.

It indicates that this is the original report for this reporting period.

Should you later file an amendment to this report, the **Amendment** box will be selected instead.
When will my report appear on the elections website?

That depends on your county’s procedures. Typically, when the report status changes to Received, the report is available on the website, but this can vary, so check with your county to find out what you can expect. Broward County reserves the right to review reports before releasing them to the public.

To get to your candidate page, website visitors select your name from the list of candidates running in a selected election.

Your candidate page will list all reports that the elections office has released to the website:

Did you know?...A photograph can also appear on your page, if you choose to provide them. We’ll explain how to do this on page 45.
Website visitors can click View Report (PDF) to see the report in PDF format or List All Contributions and Expenditures to bring up a list of all transactions reported so far:

Contributions from persons with protected-address status are not shown in reports. Instead, the notation ***Protected*** will be seen in place of the address. The Campaign Financial Reporting system scans the county’s voter registration database for voters with protected addresses and automatically redacts those addresses from campaign reports, so they cannot be seen by the public or the Supervisor’s staff. If you are aware of a contributor with a protected address who is not in your local county’s voter database, please advise your Supervisor of Elections.

NOTE: In order for the “Protected” status to work correctly, the contributor’s name must be exactly the same as the voter database. If the voter is registered as John Q. Public, but the contribution entry is listed as Jack Public, the protected status will not appear.
How do I save a copy of the report on my computer?

A copy of all the reports you file will continue to be available on the Campaign Financial Reporting system. If you want to keep a copy on your local computer, just save the PDF to a folder on your computer or network.

**To save copy of the report to your computer:**

Click ![Image](image) to display a PDF of the report in Acrobat Reader.

Click ![Image](image). Save the PDF to a location on your computer or network. You might consider giving the copy a different file name: names assigned by the system are cryptic.
What about changing a report that's already been filed?

After a report has been submitted to the elections office, you cannot change it, but you can make an amendment. An amendment is a separate report for the reporting period. On the amendment's first page, you'll see a checkmark in the Amendment box.

The Amendment box is automatically checked when you create an amended report.

You can amend a report any time after you submit it. When the original report's status is Submitted, you can add new contributions and expenditures, but you cannot change data on the original report. To change original data, the original report's status must be Received.

To create an amendment to a report in the current reporting period:

In the current reporting period (the green row), click to bring up this page:

Then click Next.
When the Report List reappears, notice that there’s now a new row for the current reporting period.

Enter the new data using these buttons, just like you did on the original report.

To create an amended report, you can:

- Manually enter new contributions (page 10) and expenditures (page 12).
- Import new contributions or expenditures (page 21).
- Change or delete items listed on the original report (page 38).

The totals of items on the amended report are displayed just as they were for the original report.

When you are finished entering items, preview the report (page 16) and submit it to the elections office (page 24). You’ll see a new confirmation number for the amendment.

If your county requires a hard copy of amended reports, print the report (page 26), sign it, and deliver it to the elections office.

If you need to change a report after submitting the amendment, talk to the elections office. Some counties require a second amended report. Other counties have different procedures.
Oops! I didn’t mean to create an amended report!

That sometimes happens.

If you begin creating an amended report, notice that the list of commands on the Report List includes the command **Delete Report**. To back out of the report, first delete all the transactions you have entered for the amended report. Then, once there are no transactions for the amended report, you can click **Delete Report** to delete it from the system.
How to I change or delete an item on the original report?

(The original report cannot be changed to alter, add or delete an item, but an amendment can be submitted.

To change a contribution or expenditure:

On the Report List, locate the row for the amended report and click [Enter Contributions] or [Enter Expenditures], depending on the type of item you want to change. In the example here, we are changing a contribution.

On the next page, click **Amend Item from Orig Report**.

![Amend Item from Orig Report](image)

to bring up a list of items (for example, contributions) reported in the current quarter:

![List of Items](image)

To change an item, highlight it.

Then click **Amend Item**.

![Amend Item](image)

Highlight the item you want to change and click [Amend Item] to bring up the detail page for the item.
Type the changes where they are needed. If you want to delete the contribution or expenditure, simply zero-out the **Amount** field. When you've finished, click **Update Amended Contribution** or **Update Amended Expenditure**.

This page shows the details for the item as they were entered into the original report.

To change an item, just make your changes in the appropriate fields.

To delete an item, type a zero (0) in the **Amount** field.

When finished, click **Submit**.

On the next page, you now have two entries (in yellow) representing the changed item:

- The first entry deletes the item as it was filed in the original report. (Notice the word **Delete** in the **Amend** column.)

- The second entry adds the item with the changed values. (Its **Amend** column says **Add**.)

In the example here, we changed the contribution amount from $100.00 to $200.00 and added the contributor's occupation, as required by law for contributions over $100.

This completes the change to the original item. From here you can change another item, add a new item, or return to the Report List.
What if I don’t have any contributions or expenditures for the period?

You must submit a Waiver of Report.

A waiver is a one-page report that you fill out and submit to the elections office.

To submit a waiver:

On the Report List, find the reporting period you want to submit a waiver for.

Click

- Import Entries
- Enter Contributions
- Enter Expenditures
- Prepare Totals
- Create Waiver Report

On the next page, click Create Final Report For Review to bring up the Electronic Signature PINs page with a reminder that the report has not yet been submitted.

Enter both PINs in the spaces provided and click Assign PIN to submit the waiver to the Supervisor of Elections.
Why are some reports locked?

Have you noticed that reports for past and future reporting periods have an Unlock this report button?

These buttons prevent you from accidentally entering data for the current reporting period into a past or future period.

If you find that you need to amend a past report or enter data for a future report, click Unlock this report.

For past reporting periods, you'll then get command buttons for amending the report.

And for future reporting periods, you'll see the usual buttons for entering data.
How do I export data to a spreadsheet?

The system has two ways to export your financial data to a Microsoft Excel comma-separated values (.CSV) file:

- [Image] Export CSV
  collects all data for the selected report.
  
- [Image] Export All Transactions CSV
  collects all data from all reports in this election.

Both options create a file named `CFinExport.csv` in your `C:\Temp` folder. When you click either button, you’ll see a message asking if you want to open or save the file. You can view the file immediately or save it to a different name and location, if you like.

The spreadsheet file contains this information:

- Date the item was recorded
- Whether it’s a contribution (C) or an expenditure (E)
- Contributor or vendor name and address
- Contribution type
- Contributor’s occupation
- Item type
- Description
- Amount
- Whether the item was recorded in the original report (blank) or an amendment (A)
What reporting is required at campaign end?

On the Report List, you will see a section for the termination report, which is the absolute last report that will be submitted by your campaign. This report states the financial status of your campaign after all contributions and expenditures have been reconciled. It also should also show how any surplus funds were disposed of.

The termination report might not appear in the Report List at the beginning of the campaign, but the elections office will add it to your reporting dates at the appropriate time. Note that it might not be named Termination Report. The elections office can give it any name, such as 2012-Final, like the example here.

When it’s time to file the termination report, its row will turn green.

To file this report, you will need to add any outstanding contributions and expenditures that haven’t been reported in an earlier report.

If surplus funds remain in the campaign account, the termination report should include an expenditure that disposes of those excess funds. When you enter this expenditure, be sure to select Disposition of Funds for the Expenditure type.

To report on the disposition of surplus funds, select Disposition of Funds in the Expenditure type field.

Campaigns sometimes confuse Disposition of Funds and Enter Distributions. Remember that Disposition of Funds is a type of expenditure, whereas a distribution is a type of transaction referring back to a previously recorded expense.
When you return to the list of expenditures for the termination report, you will see the item listed, but the amount will not be reflected in the total expenditures for the period. Nor will the amount be included on the Report List—in the Total Exp column—although it will be counted as an “item.” This design is in accordance with Division of Elections requirements.

Preview the report and submit it as you have previous reports for the campaign. When you look at the report, notice that the Disposition of Funds amount is not reflected in box 7 of the Report Summary page.

But the amount will be included in box 10 of the Summary Report.

And it will appear on the Itemized Expenditure page with an expenditure type of DI.
How do I enter a photo?

You can place a JPEG file, such as a photo, and descriptive text on the page that voters see when they visit the Campaign Financial Reporting system.

A photo of the candidate is nice to have, but it is not required. If you do not provide it, here is what voters will see:

The file placed in this area must be a JPEG file. That is, the file’s 3-character file extension must be JPG.

The system will not accept a JPEG file that’s larger than 500 KB. It’s best to use an even smaller file if you can, because smaller files display more quickly to website visitors than large ones, especially if a visitor has a slow Internet connection.

Note Images with large dimensions (that is, large pixel sizes) might not display properly in certain older browsers.
To enter a photo:

On the main page, click the yellow button.

Click Browse and navigate to the JPEG file you want to use. Then click Upload Photo.

When the file has copied to the system, you’ll see this message. Then click Upload Photo.

Click Return to Main Menu to return to the main page of the system.

If you ever want to change the photo, just return to the Candidate/Committee Bio page and upload a different photo.

To see how your photo and bio appear to voters, enter this address in your web browser, replacing <broward> with your county name:

You might not see your photo immediately. Your county might reserve the right to review your information before it is released to the public on their website. Check with the elections office for your county's policy on this.
How do I change my password or PINs?

You can change the password assigned to you by the elections office, if you like. A password can be any combination of letters and numbers.

If your county required electronic filing of reports, your campaign has been issued PINs for the candidate and treasurer. You can also change these PINs, if you wish.

To change your password:

On the Report List, click **Change Password/PINs**.

In the **Enter Old Finance System Access Password** field, enter your current password. You need to do this even if you don’t want to change the password, but only want to change one or both PINs.

If you want to create a new password, enter and reenter it in the two fields provided for the new password. If you don’t want to change your password, don’t make any changes to the password fields.

If you want to change a PIN, enter and reenter the new PIN in the two fields provided for the new PIN. Then enter your new password in the other two fields.

Click **Change Password/PINs** when you are finished.
From now on, you will log on with your new password. Keep in mind: if you set up the Candidate Log In page to automatically fill in your password, you will need to retype the password there the next time you log in. When you do, you might see this message:

![AutoComplete Error Message]

Simply click **Yes** to proceed into the Campaign Financial Reporting system.

Should you forget your new password or PINs, contact the elections office. They will be able to retrieve it for you.
Don’t forget to log out!

When you are finished with a session on the Campaign Financial Reporting system, be sure to log out so that unauthorized persons cannot modify your report data.

To log out of the system:
